Summary:

Front-End Developer with hands-on experience building responsive, user-focused web applications using HTML, CSS, JavaScript, TypeScript, and React. Gained practical skills through an internship at STP and intensive training via Udacity's FWD and the Upskilling Bootcamp. Passionate about continuous learning, with a strong GitHub portfolio and a proactive, detail-oriented approach to development and problem-solving.

Experience

Upskilling | *Front-End Developer Intern*

Jul 2024 – Oct 2024

- Participated in a hands-on, real-world job simulation focused on frontend web development using modern technologies.
- Developed responsive and scalable UI components using React, TypeScript, JavaScript, and CSS.
- Built and optimized single-page applications with React Router, React Query, and RESTful API integration.
- Collaborated in agile-style team environments to deliver production-ready features and debug complex UI behavior.
- Applied best practices in code structure, performance optimization, and version control using Git & GitHub.
- Enhanced UI/UX through clean layouts, interactive elements, and accessibility improvements.

STP | *Front-End Developer Intern*

Sep 2023 – May 2024

- Built 10+ responsive and accessible web pages using HTML, CSS, JavaScript, and Bootstrap.
- Translated UI/UX designs into pixel-perfect, semantic layouts while ensuring cross-browser compatibility.
- Implemented dynamic behavior and user interactions using JavaScript and DOM manipulation.
- Collaborated with designers to improve usability, reducing bounce rates by enhancing navigation and form UX.
- Maintained clean, modular code using Git and GitHub, contributing to version control and code reviews.

Technical Skills

Languages: JavaScript, TypeScript, HTML, CSS

Frameworks: React, Next.js, Redux

Tools: *Git, GitHub, Jira, Swagger, Postman*

Other: REST APIs, Ajax, Unit Testing, OOP, Framer Motion, Responsive Design, Bootstrap, Tailwind CSS, Material UI, SASS.

Projects

Project Management System | *React, TypeScript, HTML, CSS, Bootstrap*

- Built a responsive web application featuring role-based access for Admins and Users.
- Admins can manage projects via full CRUD operations and monitor progress using interactive dashboards.
- Users can log in, update profiles, and manage assigned tasks with detailed views and multi-select dropdowns for assigning users and dependencies.
- **Live Demo** | **GitHub Repo**

Noxe Movie Hub | *React, JavaScript, HTML, CSS, Bootstrap, Firebase*

- Built a dynamic movie website displaying trendy movies using external APIs.
- Integrated Firebase Authentication for secure user registration and login.
- **Live Demo** | **GitHub Repo**

Fokir Project | *HTML, CSS, jQuery*

- Designed a fully responsive personal website to practice media queries, animations, and modern layout techniques.
- Implemented a loading screen to improve user experience during content load.
- **Live Demo** | **GitHub Repo**

Bakery Website | *React, JavaScript, HTML, CSS, Bootstrap*

- Developed a responsive website to showcase bakery meals and products using modern front-end technologies.
- Implemented clean UI components and layout with React and Bootstrap for seamless user interaction.
- **Live Demo** | **GitHub Repo**

Courses

Next.js 15 & React - The Complete Guide (Maximilian)

Udemy

Built full-stack applications using Next.js 15, mastering routing (App & Pages), SSR/SSG, API routes, authentication (next-auth), image optimization, file uploads, and deployment with Vercel.

React - The Complete Guide 2025 (Maximilian)

Udemy

Gained hands-on experience with modern React, including hooks, state management (Redux), routing, form handling, performance optimizations, and deployment using React and Next.js 15.

Web Development Challenger Track

Udacity

Sponsored by Egypt's Ministry of Communications & IT

Education

Route Academy

Front-End Web Development Diploma

Mar 2023 – Aug 2023

Helwan University

Faculty of Arts, Department of Geomatics & GIS. (GPA: 3.4 / 4.00)

Sep 2021 – Jun 2025

Languages

- **English** – Professional Working Proficiency
- **Arabic** – Native
